Vec: kyc onboarding

Client onboarding and KYC (FIN-KYC-01)

Issuer: Tatra Wealth, o. c. p., a. s. · IČO 36 012 445 · Hodžovo námestie 3, 811 06 Bratislava

Identify the client from a valid identity document and verify the address before an investment account is opened, as required by the AML Act (zákon č. 297/2008 Z. z.) and zákon č. 566/2001 Z. z. o cenných papieroch.

For a legal entity, record the beneficial owner at the 25% threshold and cross-check the Business Register. Enhanced due diligence applies to a politically exposed person, to a counterparty in a high-risk third country, and to any first payment from an account in a jurisdiction the client did not declare.

Complete the client profile — knowledge, experience, financial situation and objectives — before any advice is given.

Onboarding stays incomplete until the compliance checklist is signed; no order is executed before that point.

S úctou,

Ing. Martin Vargovčík

vedúci compliance
