Vec: closing checklist

Closing checklist (RE-CLOSE-06)

Issuer: Dunaj Reality s. r. o. · IČO 46 891 203 · Štúrova 8, 811 02 Bratislava

Before signing, confirm: a current land register extract, the plot identification, an owners' association statement of arrears, the energy performance certificate, and settled utility accounts.

Signatures on the transfer contract are notarised for the seller, and the registration application is filed with the district land registry under the Cadastral Act (zákon č. 162/1995 Z. z.).

The registry decides within 30 days; an expedited application at the higher fee is decided within 15 days.

Ownership passes on registration, not on signature — never hand over keys before then.

Verify payment instructions by telephone on a number already held on file. Treat a same-day change of bank details as attempted fraud and re-verify verbally.

Keys and access devices transfer only after the price is confirmed released from escrow.
