Vec: dual agency disclosure

Representing both sides (RE-DUAL-02)

Issuer: Dunaj Reality s. r. o. · IČO 46 891 203 · Štúrova 8, 811 02 Bratislava

Acting for the buyer and the seller in the same transaction requires written informed consent from both before negotiations start, and the consent states how the commission is split.

Confidential pricing instructions from one party must not be disclosed to the other without written authorisation.

If either party refuses, the agency appoints separate agents from different teams or withdraws from one side of the deal.

An agent's own interest — buying for themselves, for a relative, or for a related company — is disclosed in writing before an offer is made.

Every disclosure is filed with the brokerage agreement so it can be produced during a Slovak Trade Inspectorate check.
